### **Consent for Examination**

It is recommended that everyone have a complete skin examination at least yearly for melanoma and non-melanoma skin cancer. The purpose of the skin exam is to look for the presence of atypical moles, skin cancers, and signs of internal disease or genetic illness. If your primary reason for your appointment today is for something other than a full body exam, please schedule one at your next visit.

Signing below indicates that we <u>recommend</u> you receive a full body exam at least once a year.

#### STATEMENT OF FINANCIAL RESPONSIBILITY

# **Payment Policy**

Thank you for choosing us as your dermatologist. We are committed to providing you with quality and affordable health care. Because some of our patients have had questions regarding patient and insurance responsibility for services rendered, we have been advised to develop this payment policy. Please read it, ask us any questions you may have, and sign in the space provided. A copy will be provided to you upon request.

- 1. Insurance: We participate in most insurance plans, including Medicare. If you are not insured by a plan we do participate with, payment in full is expected at each visit. If you are insured by a plan we participate with but don't have an up-to-date insurance card, payment in full for each visit is required until we can verify your coverage. Knowing your insurance benefits is your responsibility. Please contact your insurance company with any questions you may have regarding your coverage.
- **2. Co-payments, co-insurance and deductibles:** All co-payments, co-insurance and deductibles must be paid at the time of service. This arrangement is part of your contract and our contract with your insurance company. It is a violation of our contract if we do not collect your co-pay. Please help us in upholding the law by paying your co-payment at each visit.
- 3. Non-covered services: Please be aware that some and perhaps all- of the services you receive may be non-covered or not considered reasonable or necessary by Medicare or other insurers. You must pay for these services in full at the time of the visit. In addition to our charge for the visit and/or procedure, if you have a biopsy, surgical specimen, or culture swab taken at any visit, you or your insurance will be billed separately by the pathologist or lab for their analysis of the specimen. We will provide your billing and insurance information to the lab or pathologist.
- **4. Proof of insurance**: All patients must complete our patient information form before seeing the doctor. We must obtain a copy of your driver's license and current valid insurance card to provide proof of insurance. If you fail to provide us with the correct insurance information in a timely manner, you may be responsible for the balance of a claim.
- 5. Claims submission: We will submit your claims and assist you in any way we reasonably can to help get your claims paid. Your insurance company may need you to supply certain information directly. It is your responsibility to comply with their request. Please be aware that the balance of your claim is your responsibility whether or not your insurance company pays your claim. Your insurance benefit is a contract between you and your insurance company; we are not party to that contract.
- **6. Coverage changes**: If your insurance changes, please notify us before your next visit so we can make the appropriate changes to help you receive your maximum benefits. If your

insurance company does not pay your claim in 60 days, the balance will automatically be billed to you.

- 7. Nonpayment: If your account is over 90 days past due, you will receive a letter stating that you have 14 days to pay your account in full. Partial payments will not be accepted unless otherwise negotiated. Please be aware that if a balance remains unpaid, we may refer your account to a collection agency and you and your immediate family members may be discharged from this practice. If this is to occur, you will be notified by regular and certified mail that you have 30 days to find alternative medical care. During that 30-day period, our physician will only be able to treat you on an emergency basis.
- **8. Missed/No Show Policy:** These charges will be your responsibility and billed directly to you. Please help us serve you better by keeping your regularly scheduled appointment.
  - a. Missed office visit: \$25.00 (if there is no notification within 24 hours)
  - b. Missed Surgery Appointment: \$50.00 (if there is no notification within 24 hours)
- **9. Returned checks are subject to a \$35.00 administrative fee.** Any accounts turned over to our collection agency/attorney will be subject to collection fees and you may be dismissed from our practice.
- **10. Fee for completion of Letter/Forms:** Our practice charges a \$15.00 fee for any forms or requested letters that need to be completed by our practice.

All insurance forms processed by this office, prior to payment in full, are assigned to this practice. Your cooperation in complying with the terms of this assignment is appreciated.

I, the UNDERSIGNED, have read the above and realize that all medical and surgical charges incurred by me, or my dependents, for services rendered by providers at Renewal Dermatology & MedSpa are my financial responsibility. All court fees, attorney fees, or other fees necessary to collect this account, should it become delinquent, are payable by me.

If your insurance requires you to have a written referral from your primary care physician, this is your responsibility to know this and obtain the appropriate referral for each visit.
